Note—for mica strips 15" and longer in widths of 1" TLT 2° and 2" and up the prices are left to be settled between the buyers and sellers, provided, however, that these prices shall not be less than the corresponding grade price such as for OOEES, OEES, etc. as the case may be. It will also not be less than the price for the TLT 15" in width of 2" and up

(A) SPECIAL ADDITIONS TO MINIMUM F.A.S. PRICES FOR BLOCKS BASED ON THICKNESS. THE NORMAL THICKNESS OF BLOCK MICA IS 7 MILS AND ABOVE:

- 1. Orders requiring supply of Block Mica in thickness 10 mils and above 15% additional premium of the price of the grade and quality required in addition to the minimum F.A.S. price of the grade and quality shall be charged.
- r. (a) Orders requiring supply of block mica n thickness 8 mils and above, 10 per cent additional premium of the price of the grade and quality required in addition to the minimum FAS price of the grade and quality shall be charged.
- 2. For orders requiring supply of Block Mica split and gauged accurately in one mil thickness, range (Such as 7-8, 8-9, 9-10 10-11, or 0 175-0, 20,0 2 to 0 225, 0 225 to 0 25 the minimum F.A.S. price for such Block Mica shall be 40 per cent higher than the minimum F.A.S. price of the grade and quality required to be supplied PROVIDED that order is placed in at least 4 consecutive thicknesses and provided that order for one thicknesses shall be accepted to per cent of the total order. thickness shall not exceed 40 per cent of the total order. In case an order is placed for less than 4 consecutive thickness, the price shall be 50 per cent higher than the minimum F.A.S. price of the grade and quality to be supplied, subject to the limitation provided in para 3(a) below, relating to orders for one or two ONE mil range split and gauged mica Blocks.
- 3. For orders requiring supply of Block Mica Split and gauged accurately in a mils or 3 mils thickness ranges, the minimum F.A.S. price shall be calculated on the following basis:—
  - (a) For orders in 3 or more 2 mil or 3 mil ranges (such as 7-9 8-10, 10-12, 12-15 mils or 0 2-0, 25-0 3 mm etc. 30 per cent higher than the minimum F.A.S. price of the grade provided that such order for no one thickness shall exceed 50 per cent of the total order.
  - (b) For orders in TWO 2 or 3 mil ranges only—40 per cent higher than the minimum F.A.S. price of the grade provided that in such case order for no one thickness shall exceed 50 per cent of the total order.
  - (c) For orders in only ONE one or two mi range of thickness (E.G. 7-9, 8-10, 9-11, 10-12, or 8-9, 9-10 etc. 75 per cent higher than the minimum F.A.S. price.
  - (d) For orders in only one three mil range of thickness such as 7-10 or 9-12, 11-14, etc. the F.A.S. price for such split and gauged mica shall be 50 per cent higher than the F.A.S. price of the grade 6, 40 per cent higher of the Grade 5 and 30 per cent higher of the grade 5 and above.
- 4. For orders requiring supply of Block Mica split and gauged correctly in 4 mil range of thickness such as 8—12 or 12—16 mil or 0 2-0 3,—0 3—0 4, mm etc. the minimum F.A.S. price for such shall be calculated as follows:—
  - (a) For order in only ONE such 4 or 5 mil range higher than the floor price of the grade. 25 per cent
  - (b) For orders in TWO such 4 mil and/or 5 mil range higher than the floor price of the grade 15 per cent

If an order is placed for supply of mica split and gauged in a series of two or more thickness, with a minimum jump of at least 2 or more mils in a continuous thickness, ranging from 6 mils and upwards up to including 15 mils, the floor price for such mica shall be 15 per cent higher than the floor price of the grade and quality to which the mica belongs, provided that order for one thickness range shall not exceed 40 per cent nor shall be less than the par cent of 6 to 8 mils or 6 to a mils range. Provided further 20 per cent of 6 to 8 mils or 6 to 9 mils range. Provided further that against each delivery, in case of partial shipment of such order, there must be proportionate shipment of the order in all thickness ranges as far as possible.

5. The premium based on thickness of block mica mentione above will be further increased by the following percentages:-

Grade 5					40%
Grade 5					30%
Grade 4	n bas	р.			25%

- Note-1. These premia shall not apply to mica below-7 mils except in case where an order is placed for mics in thickness of 6 mils in conjunction with mics of higher thickness as per para 5.

## OTHER CONDITIONS FOR EXPORT OF PROCESSED MICA

Any shipment of mica of any variety other than 'Fabricated Mica' will be permitted only if irrevocable letter of credit to the extent of 100 per cent of the invoice value of the goods (which will include the export duty) has been opened in favour of the exporters. To facilitate settlement of claims as between the foreign buyers and exporters, the following arrangements will continue to be in force:—

- (a) While the foreign buyer will open irrevocable letter of credit in a Bank in India for 100 per cent of the invoice value (which will include the export duty) the letter of credit should include a special stipulation that not more than 95 per cent of the amount will initially be payable to the exporter and the balance (of 5 per cent) will continue to be held (in the bank in India) for a period not exceeding six months from the date of shipment, within which the said balance would remain available for settlement of any claims arising.
- (b) Any claim arising from causes other than the question of quality including size (that is, from causes such as short weight, breakage, pilferage, penalty for late shipment etc.) as are raised by the buyer, and admitted by the exporter, will (upto a limit of 2 percent for the invoice value) be allowed to be adjusted in favour of the buyer by the Reserve Bank of India, against the aforesaid balance of 5 per cent on application being made by the exporter. Such application should indicate:
- (i) Name and address of the exporter;
- (ii) Name and addiess of the claimant (foreign buyer);
- (iii) Number of the G.R./E.P./P.P. form on which the export was declared;
- (iv) Invoice value of the goods exported supported by a certificate in original from the authorised dealer through whom the proceeds have been realised to the effect that the full export proceeds have been received in India in an approved manner;
- (v) Grounds on which claim has been made;
- (vi) Amount for which claim if proposed to be settled (supported by the original Debit note, if any received from the claimant);
- (vii) Basis on which the amount of the proposed settle ment is calculated, supported by the original sale Contracts as well as Survey/Inspection / Analysis weight Report (whichever is relevant to the type of claim) or in the case of penalty claims for late shipment, copy of the related Bill of Lading; and
- (viii) A brief history stating the circumstances in which the claim has arisen and enclosing the original correspondence exchanged by the exporters with the parties concerned regarding the claim.
- (c) This application should include a formal declaration by the exporter that the particulars given by him are correct and conforming that the exporter has not already paid the claim or adjusted it in any other manner.
- (d) In case the exporter is unable to produce, any of the requisite documents, he may explain suitable reasons for his inability to do so and enclose a recommendation from the Export Inspection Council in support of his claim, such recommendation will not be required where the requisite documents are produced by the exporter.

(e) Claims arising from the above mentioned cause but of a higher value than 2% of the consignment value or arising on account of quality of mica (including size) should be settled by directly negotiating with the buyers. In case no settlement is reached by direct negotiations then the claims will be adjusted by a special panel constituted by the Indian Council of Arbitration.

The application of the exporter in regard to such claims should apart from the same details and documents mentioned above, be supported in addition by the signed copy of the settlement reached by direct negotiation or by the said panel's award in original (with a certified copy thereof); if the application is documented in this manner, the adjustments/remittance required to settle the claim will be allowed by the Reserve Bank of India.

# Annexure 'G' FABRICATED MIKA

Shipments of fabricated mica i.e., cut mica blocks and condensor films accurately gauged, cut plates, punched backing plates or trackers, punched bridges, spaces, trimmers, transisor plates, or transistor pads, washer and discs and all varieties of mica cut or punched to specified shapes and sizes will be permitted only if irrevocable letter of credit to the extent of 100 per cent of the invoice value of the goods has been opened in favour of the exporter.

Shipment of micanite built-up mica, tapes, mica tapes mica cloth, mica silk, mica paper, mica folium will continue to be free from the stipulation regarding opening of 100 per cent irrivocable letter of credit.

## Sisal Strands

The extra price for sisal strands used in the following varieties is fixed as 30 paise per strand of 2 ply sisal yarn sq. mtr. If the strands used are more, proportionate cost of additional strands of two ply sisal yarn will be taken.

(1) Greel Mats (2) Rod Mats (3) Corridor Mats

## Alos Strands

- (1) For every 10% of aloc mixture in AC Mats the extra price is fixed as 5 paise per sq. ft.
- (2) The extra price or aloe strands for loops in Loop Mats is fixed as 5 palse per sq. ft.

## Anjengo Yarn Chain or FF Mats

The extra price for FF Mats with Anjengo Chain (Tight and ack) is fixed as 30 paise per sq. ft.

## Vertical Strips in Creel Mats

For Creel Mats the additional price for vertical strips is fixed as follows:

## Pre-dyed stencilled

The floor prices for "pre-dyed stencilled mats" should be arrived at any adding the difference between the prices of "Stencilled mats" and "Plain mats", to the prices fixed for "Pre-dyed mats" belonging to the same quality group.

## Non Standard sixes of mats

For calculating floor prices for mats of the sizes mentioned below, the extra charges on the basis of the prescribed percentage of the floor price of the appropriate quality of the plainmat should be added.

- A. Mats with width of 25 cms. or more and upto 35  $\,$  cms. and with an area less than 2100 Sq. Centimeters—10%
  - B. Mats of Width Less than 25 cms.-25%
- C. Mats of sizes having 80 cms. or above in width or 150 cms. or above in length—10%.

## Interest for delayed payments

For delayed payments above 60 days, interest will be charged at 2% per month for the number of days beyond 60 days taken for payments.

## Calculation of Freight

While calculating the prices in relation to the floor price the gross freight should be taken into consideration and not the net freight payable in the case of c.l.f. and c.& f. contracts

# Reservation of portion of the payment by the importers

Contracts providing for retention of portion of the value for payment after inspection of goods on arrival would not be register.

## B. Coir Mattings

For arriving at the floor price for any variety of coir mattings the price of the appropriate variety has to be adjusted for width, design/colour, additional embellishments etc. by references to the various tables. The rate of interest to be charged for payments delayed beyond 60 days as mentioned earlier for Coir mats is applicable for Coir Mattings also.
